1. Definitions

- 1.1 "Material" means all material(s) supplied to Recipient, as described in the **Annex** of this SMTA, as amended from time to time by written agreement between the parties together with, any progeny or descendants of the foregoing which have not been intentionally modified and, any substances, functional subunit(s) or product(s) expressed by any of the foregoing materials which have not been intentionally modified. Mice created from supplied embryos and gametes shall be considered *Material*.
- 1.2 "Modifications" are substances created by the *Recipient* or *Staff* which contain/incorporate the *Material*, e.g. but not limited to homologous recombination products, cassette exchange products, germ line transmission products, crosses, breeding varieties, cell fusions, subcloning products etc.
- 1.3 "Commercial" means the sale, lease, licence, disposal or other transfer of *Material* to a for-profit organisation and, any use by any organisation, including the *Recipient* or *Staff*, to perform contract research on behalf of a for-profit organisation, to produce or manufacture products for general sale, or to conduct research activities that result in any sale, lease, license of a product or transfer of the *Material* to a for-profit organisation.
- 1.4 "Staff" means the *Researcher/s* and those individuals under the direct supervision of the *Researcher/s*.
- 1.5 "EMMA Repository" means any of the participating organisations listed on the European Mutant Mouse Archive (EMMA-INFRAFRONTIER) website: <https://www.infrafrontier.eu/>, under the section entitled INFRAFRONTIER partners.

2. Use of the Material

- 2.1 Upon acceptance of this SMTA, *Mouse Producer* shall permit EMMA Repository to release to the *Recipient* the *Material* identified in the **Annex** (and in such amounts identified therein). *Recipient* shall itself, and procure that *Staff* shall, hold all *Material* subject to the terms herein.

The *Material* shall not be used in humans or for diagnostic testing of human tissue or samples.
- 2.3 The *Material* shall only be used for non-Commercial purposes and only by the *Recipient* and *Staff* and must not be released to any other person or entity or used for any other purpose without the prior written consent of the *Mouse Producer*. The *Recipient* (i) shall register the alleles carried by mice with a new mutation engineered from/with the *Material* with Mouse Genome Informatics (MGI); and (ii) is requested to submit breeding pairs to a public repository such as the European Mouse Mutant Archive (EMMA) or a similar repository of the *Recipient's* choice for cryopreservation and distribution to third parties for non-commercial purposes, using this SMTA in substantive form.
- 2.4 All *Material* supplied pursuant to **Section 2.1** is supplied Ex Works (EXW Incoterms 2000) from EMMA Repository. Subject to the terms of this SMTA, risk in the physical *Material* shall pass to *Recipient* upon its or its agent's collection of the *Material* from EMMA Repository. *Recipient* is responsible for obtaining all import and export clearances and licences and arranging itself for the import of the *Material* to its local jurisdiction and facility.
- 2.5 *Recipient* shall pay a handling fee and shipping costs as agreed between EMMA Repository and *Recipient*.
- 2.6 *Recipient* shall, subject to **Section 3**, own title in any physical *Modifications* that it or the *Staff* create(s).

arising out of *Recipient's* and/or *Staff's* use of the *Material* shall belong to the *Recipient* save that, notwithstanding **Section 2.4**, the *Mouse Producer* retains sole ownership of any intellectual property rights in the form of the *Materials*. *Recipient* shall acknowledge the EUCCOMM Consortium as the source of the *Material* in any publication, using the citation format specified in the attached Annex.

3.2 If the *Recipient* or *Staff* create, own, benefit from or acquire any intellectual property rights in respect of (i) any *Modifications*, or (ii) any inventions which directly relate to the use of the *Material* and which are conceived of or first actually reduced to practice in the performance of the research under this SMTA (together, "IPR") the *Recipient* shall, to the extent it is legally able to do so (and except where the *Recipient* is a U.S. Public Health Service agency), grant to the *Mouse Producer* a non-exclusive, worldwide, royalty-free, sub-licensable, fully paid-up licence to use such IPR for the *Mouse Producer's* own internal, non-profit making research and teaching purposes and to allow *Mouse Producer* to continue to distribute the *Material* and applicable *Modifications* to third parties for non-Commercial research and teaching purposes. Where the *Recipient* is an agency of the U.S. Public Health Service ("PHS", which includes NIH, FDA and CDC), it is PHS policy to permit and encourage use of the IPR for the *Mouse Producer's* own internal, non-profit making research and teaching purposes and to allow the *Mouse Producer*, including any public repository such as (EMMA) which *Mouse Producer* may use at its sole discretion, to continue to distribute the *Material* and applicable *Modifications* to third parties for non-Commercial research and teaching purposes on a non-profit basis.

4. Warranty and Liability

Recipient accepts that *Material* is experimental in nature, may have hazardous properties and is supplied without representation or warranty of any kind, express or implied, for example (but without limitation) as to fitness for purpose or non-infringement of third party rights. *Recipient* agrees that any and all liability of *Mouse Producer* associated with the transfer of the *Material* or use of *Modifications* is excluded to the maximum extent permitted by law. *Recipient* assumes all and any liability for claims which may arise from (i) its or its *Staff's* use, storage or disposal of the *Material* or *Modifications* or (ii) as between *Recipient* and *Mouse Producer*, any third party's use, storage or disposal of the *Modifications* where such third party has received *Modifications* from the *Recipient*.

5. Miscellaneous

5.1 This SMTA shall be construed according to the laws of the place of incorporation or seat of the *Mouse Producer*, under exclusion of any of its choice of law and venue principles.
