

BR118.2

BR118.2 features the latest Funktion-One bass reflex developments. Improved port design minimises turbulence, reducing distortion and delivering an extra level of depth and definition.

In addition to the sonic advancements, there are several improvements to the form of what has become a staple of the Funktion-One bass range. The dual aspect handles and cabinet skirt make handling and setup easier, while interlocking locator feet provide secure stacking in all orientations.

The Bass Reflex range is recommended for indoor venues and smaller outdoor events where Funktion-One's signature bass sound is required at close range.

- Features:
- Deep, defined bass performance
  - Funktion-One port technology
  - M20 threaded pole mount
  - Dual aspect handles
  - Interlocking locator feet
  - Available in standard Funktion-One Violet paint or tough PU coating
  - 18mm birch ply construction
  - Wheels ordered separately
- Frequency Response: 45Hz - 200Hz
- Low Frequency Response (-10dB): 35Hz
- Weight: 43kg (95lbs)
- Nominal Dispersion: Array dependent
- Connectors: 2 x Neutrik NLT4M

Driver	Crossover Frequencies	Sensitivity (at 1m)*	Power (AES)	Nominal Impedance
18"	35Hz - 100Hz	101dB at 2.8V	550W	8Ω

\*Measured in half space
