

DS210

The DS210 loudspeaker enclosure comprises dual Axhead-loaded 10" mid-high drivers and dual 1.4" compression drivers (with Funktion-One's signature high HF crossover point for minimised distortion).

Typically used in Dance Stack® with DS15 low-mid loudspeakers and Funktion-One high efficiency bass designs. This main Dance Stack® element produces unrivalled clarity and efficiency bringing the music closer than ever before. The DS210 is equivalent to two Evo 6EHs in a single enclosure. Specific ground-stacking accessories simplify the process of creating custom Dance Stacks, please contact us to design the optimum Dance Stack® configuration for your venue.
