

SB8

The SB8 is an extremely compact, yet powerful and convincing bass loudspeaker.

Perfect for applications where a conventionally-sized subwoofer is too large and obtrusive, such as bars, restaurants, retail outlets and galleries.

The small size of the SB8 also makes it suitable for consumer applications, such as a dynamic and precise low frequency channel in a home theatre system, or as bass extension for the F5, F55 or F81 in a 2.1 listening or monitoring system.

Features:

- Bespoke high sensitivity 8" bass driver
- Powerful and convincing bass in a very small package
- Dynamic and musical
- No EQ or controller required - only crossover filters

Frequency Response (-3dB):	50Hz - 300Hz
Weight:	14kg (38.8lbs)
Nominal Dispersion:	N/A
Connectors:	2 x Neutrik NL4

Driver	Crossover Frequencies	Sensitivity (at 1m)*	Power (AES)	Nominal Impedance
8"	50Hz - 140Hz	95dB at 2.8V	250W	8Ω

*Measured in half space
