

Evo 7EL

Evo 7EL supplements Evo 7E cabinets to provide additional mid bass headroom – especially useful for flown Evo 7E installations.

It shares the same footprint as the Evo 7E, and is attached via the vertical or side M10 mounting points. The joined assembly can be ground stacked or flown using the appropriate hardware. Pairs well with F121 or F124 to form a complete system.

- Features:
- Identical footprint and hardware to Evo 7E
 - Integral handles
 - Optional grille and wheel board
 - Available in ultra durable black PU coating or classic Funktion-One violet finish
