

Evo X

Evo X is a significant development of the full range, fully horn loaded cabinet concept. Utilising the latest Funktion-One waveguide technology, Evo X provides wider dispersion and higher SPL. Advanced driver technology delivers even more resolution and detail.

Evo X is an unbeatable choice for live venues and small clubs requiring high SPL from a compact cabinet. Use alone for small live music events or combine with the F Series or BR Range of bass loudspeakers for increased low frequency energy. Evo X performs equally well in more delicate scenarios such as theatres and acoustic music venues.

Features:

- Single cabinet solution with wide dispersion (90° horizontal)
- Full range, high SPL
- Excellent electroacoustic energy efficiency
- 3-way active (triamp)
- Compact and lightweight (47kg)
- Funktion-One designed drivers
- Wide bandwidth Funktion-One midrange (280Hz - 5kHz)
- Isophase diffraction HF waveguide technology
- Dedicated transport dolly (wheelboard)

Frequency Response (-3dB): 60Hz - 18kHz
 Weight (without wheelboard): 47kg (103lbs)
 Nominal Dispersion: 90° Horizontal x 13° Vertical
 Connectors: 2 x Neutrik NL8

Driver	Crossover Frequencies	Sensitivity (at 1m)*	Power (AES)	Nominal Impedance
15"	30/85Hz - 280Hz	102dB at 2.8V	400W	8Ω
8"	280Hz - 5kHz	107dB at 4V	200W	16Ω
1"	5kHz - up	109dB at 4V	100W	16Ω

*Measured in free field

Specific crossover settings can be found at www.funktion-one.com/support
