

SB12

SB12 provides a powerful and involving bass listening experience. Small enough to fit into tight spaces, it is the perfect choice for distributed audio solutions where strong low frequency is required.

SB12 works with the F81.2 and F101.2 as the low frequency reinforcement in an exceptional standalone full range system.

- Features:
- Funktion-One performance in a compact format
  - Corner mounted input panel maximising available space
  - 15mm Baltic birch ply construction

|                                 |                  |
|---------------------------------|------------------|
| Frequency Response:             | 42Hz – 150kHz    |
| Low Frequency Response (-10dB): | 36Hz             |
| Weight:                         | 28kg (62lbs)     |
| Nominal Dispersion:             | N/A              |
| Connectors:                     | 2 x Neutrik NL4M |

| Driver   | Crossover Frequencies | Sensitivity (at 1m)* | Power (AES) | Nominal Impedance |
|----------|-----------------------|----------------------|-------------|-------------------|
| 12" (LF) | Hz – 280Hz            | 97dB at 2.8V         | 350W        | 8Ω                |

\*Measured in half space
